PAINT YOUR PET

Celebrate your furry (or feathered) friend with a Paint Your Pet session! This guided experience lets you create a stunning portrait of your beloved animal, no matter your skill level. Before the event, you'll send a photo of your pet, and I'll predraw the outline on your canvas and plan a custom colour palette. This ensures you can focus on bringing your pet to life with paint, while I guide you step by step.

With around four hours of painting time, you'll have plenty of opportunity to layer colours, add depth, and refine details. Whether you're a beginner or experienced painter, you'll leave with a beautiful, personal masterpiece.

Pets leave paw prints on our hearts—and our canvases!

No pet? No problem! Any animal image will work.

For a fun twist, try Paint Your Mate or Paint Your Date! This shorter, pop-art-style session lets you create a bold, vibrant portrait of a friend or partner—perfect for a creative, laughter-filled experience!

LIFE DRAWING

Spice up your hen party with our cheeky life model drawing session! It's a fab way to mix art, giggles, and a touch of the risqué. We'll guide you through various drawing techniques, from the bold strokes of abstract to the fine lines of realism. Then, it's your turn to focus on your favourite body part and sketch away. Don't worry, we'll bring all those individual masterpieces together to create one epic, collaborative art piece that'll have everyone talking!

Choose your muse: a male or female model, usually in their birthday suit, to add that extra sizzle to your session. It's the perfect opportunity to let loose, have a laugh, and maybe discover some hidden artistic talents among your friends.

Keep in mind, this cheeky adventure takes place exclusively at our venue—to keep our models comfortable and the vibe just right. While we can't promise a specific model (it's all about their availability), we guarantee a fun, memorable experience. So, come ready to sketch, laugh, and maybe blush a bit—it's going to be a hen party like no other!

Get naked. Unless your just visiting. Don't get naked, that would be weird...

DRAG

Get ready to dazzle and be dazzled with our fabulous drag option for your hen party! This isn't just any event; it's a spectacular blend of drag bingo and a mini painting activity that will have everyone in stitches and strokes of brilliance. Picture this: the glamour, the sass, and the sheer fun of drag, combined with the creative flair of painting our very own drag muse. It's an experience that promises laughs, art, and maybe a little bit of glitter!

We're rolling out the red carpet for this one at two of our exclusive venues, each setting the perfect stage for an unforgettable night. Whether you're bingo buffs, art aficionados, or just in it for the fabulous vibes, our drag option has something for everyone.

So, gather your queens and come ready to play bingo like never before, with cards filled with cheeky challenges and fabulous prizes. Then, channel your inner artist as you capture the essence of our drag muse on canvas, a keepsake to remind you of a night filled with joy, creativity, and a touch of fabulousness. This unique blend of activities is the perfect way to celebrate, creating memories that will last a lifetime.

Dive into the gooey, squishy world of our slime parties, where kids get hands-on to create their very own slime creations! In a fun-filled session, we feature three different types of slime: the sweet-smelling Scented Slime, the stretchy and satisfying Classic Slime, and the fluffy, cloud-like Puffy Slime.

Each child gets to mix, customize, and take home their unique slime concoctions, making for an unforgettable party experience that's as educational as it is entertaining.

POTTERY PAINTING

Step into the world of pottery painting, where imagination meets creation! Our pottery painting parties offer a wide selection of pottery pieces that cater to every budget, ensuring that every child finds something they love to decorate. The highlight? Kids can take their artistic masterpieces home the same day! Instead of waiting for kiln firing, their creations will be coated with a water-based varnish, giving them a gorgeous sheen and making them ready to display in no time.

Looking for a twist on traditional pottery painting? Dive into the fun of foam clay! This innovative and exciting material adds a whole new dimension to creativity.

Foam clay sticks directly to the pottery, allowing kids to explore a fresh way to decorate their pieces. Plus, they can sculpt with it, too. It's not just about painting; it's about bringing their wildest ideas to life. And the best part? Foam clay air dries, so their unique sculptures and decorated pottery are ready to admire quickly. Join us for a pottery painting party where creativity knows no bounds, and every child leaves with a treasure they're proud of.

WIZARD

Step into a world of enchantment with our magical, wizard-themed parties, where young sorcerers and sorceresses gather to conjure up potions, create mystical slimes, and decorate their very own wands. As they don their capes, provided for an immersive experience, each child is transported to a realm of imagination and magic.

Our potion-making session is a bubbling cauldron of fun, blending science and fantasy to delight curious minds. The slime workshop adds a gooey twist to the magic, allowing kids to craft their own spellbinding concoctions. The highlight for many is personalising their wands, turning a simple stick into a powerful tool for wizardry.

To make the party even more special, we offer the option to add on cuddly owls, children complete tasks to free the owls for each guest to take home. This feature has made our wizard-themed parties a hit, combining the thrill of magic with the joy of creativity.

Perfect for any young fan of magic and mystery, our wizard parties promise an unforgettable adventure into a world where imagination runs wild, making it one of our most sought-after themes.
