DINNING EXPERIENCE

Fancy going a bit further with your special event? Our array of add-ons allows you to tailor the event to perfection, ensuring your private party is nothing short of spectacular.

Sometimes it's not just about the art and laughs; it's also about the food! We serve up some seriously tasty dishes, all locally sourced and whipped up right here in Suffolk with our collaboration with popular venues.

The menu is packed with delicious options that cater to everyone - vegan, vegetarian, gluten-free, you name it. We want everyone to dig in and enjoy, without worrying about their dietary needs.

And the best part? This shinning experience starts at just £15 per person. We believe in making unforgettable moments accessible, so you can enjoy top-notch quality without breaking the bank. Trust us to deliver an event that's not only fun and creative but also filled with food that'll have everyone talking. Let's make your celebration one for the books!

Nothing brings people together like good food
