# WHY CHOOSE US?

Imagine a world where painting, crafts, pottery painting, slime making, and even wizard-themed festivities come alive to spark joy and imagination in young minds.

With over 8 years of expertise in crafting memorable events, we're the go-to for parties that blend artistic creativity with boundless fun, perfectly tailored for children.

Our offerings are thoughtfully priced and diverse, ensuring a wide range of fun activities that cater to every child's interests. This variety guarantees a magical time for all attendees. Whether you prefer the convenience of having the party at your place or at one of our venues, our flexible approach aims to make your event planning a breeze, prioritising ease and enjoyment for both you and your guests.

# PAINTING

Step into a vibrant world of artistic adventure with our kids' art parties, where every canvas is a gateway to creativity and joy.

We set the stage for a painting journey by pre-drawing canvases, allowing children to dive straight into the excitement of painting without any stress. This thoughtful approach ensures that each young artist can fully engage in the joy of creativity from the moment they pick up their brush.

Over a lively session last up to two hours. We provide comprehensive guidance, making sure every child feels supported and confident in their artistic exploration. This nurturing environment is perfect for all, from those who are making their first mark to budding young Picassos, ensuring everyone leaves with a piece of art they're proud to call their own.

*The 'EARTH' without art is just 'EH'*

# CRAFT PARTY

Unleash a world of imagination with our craft parties for kids, where every session is a hands-on adventure into creativity! Tailored to fit perfectly into a 1-2 hour slot, these craft parties are customised to match the theme and age group of your young guests, guaranteeing a delightfully creative time for everyone involved.

After a personal consultation with you, we craft a session that's just right for your party. Whether you're looking for a variety of quick and fun crafts to keep little hands busy or prefer to dive deep into a more focused project like making magical unicorn dream catchers, we've got you covered.

This approach ensures that each child gets to explore their creativity in a way that's engaging, age-appropriate, and, most importantly, a whole lot of fun.

# SLIME

Dive into the gooey, squishy world of our slime parties, where kids get hands-on to create their very own slime creations! In a fun-filled session, we feature three different types of slime: the sweet-smelling Scented Slime, the stretchy and satisfying Classic Slime, and the fluffy, cloud-like Puffy Slime.

Each child gets to mix, customize, and take home their unique slime concoctions, making for an unforgettable party experience that's as educational as it is entertaining.

Perfect for slime enthusiasts and creative kids alike, our slime parties promise a sticky, sparkly good time that's sure to be the talk of the playground.

outside the box are easily  
contained*

# POTTERY PAINTING

Step into the world of pottery painting, where imagination meets creation! Our pottery painting parties offer a wide selection of pottery pieces that cater to every budget, ensuring that every child finds something they love to decorate. The highlight? Kids can take their artistic masterpieces home the same day! Instead of waiting for kiln firing, their creations will be coated with a water-based varnish, giving them a gorgeous sheen and making them ready to display in no time.

Looking for a twist on traditional pottery painting? Dive into the fun of foam clay! This innovative and exciting material adds a whole new dimension to creativity.

Foam clay sticks directly to the pottery, allowing kids to explore a fresh way to decorate their pieces. Plus, they can sculpt with it, too. It's not just about painting; it's about bringing their wildest ideas to life. And the best part? Foam clay air dries, so their unique sculptures and decorated pottery are ready to admire quickly. Join us for a pottery painting party where creativity knows no bounds, and every child leaves with a treasure they're proud of.

# WIZARD

Step into a world of enchantment with our magical, wizard-themed parties, where young sorcerers and sorceresses gather to conjure up potions, create mystical slimes, and decorate their very own wands. As they don their capes, provided for an immersive experience, each child is transported to a realm of imagination and magic.

Our potion-making session is a bubbling cauldron of fun, blending science and fantasy to delight curious minds. The slime workshop adds a gooey twist to the magic, allowing kids to craft their own spellbinding concoctions. The highlight for many is personalising their wands, turning a simple stick into a powerful tool for wizardry.

To make the party even more special, we offer the option to add on cuddly owls, children complete tasks to free the owls for each guest to take home. This feature has made our wizard-themed parties a hit, combining the thrill of magic with the joy of creativity.

Perfect for any young fan of magic and mystery, our wizard parties promise an unforgettable adventure into a world where imagination runs wild, making it one of our most sought-after themes.

# TEENS

Step into a world where creativity meets sustainability with our unique upcycling sessions for teens.

Perfect for the fashion-forward and environmentally conscious, these workshops offer a fantastic way to breathe new life into denim jackets, bags, and more. Armed with paint and a plethora of creative ideas, teens are guided through the process of customising their clothing, transforming everyday items into personalised works of art. It's not just about making a style statement; it's about expressing individuality and learning the value of upcycling. Beyond painting, teens can also dive into our pottery and traditional painting sessions, catering to a wide range of interests.

This is a chance to unleash their creativity, make new friends, and walk away with something truly unique. Join us for an upcycling adventure and watch your teen transform the ordinary into the extraordinary.

*Creativity is seeing what everyone else has seen, and thinking what no one else has thought*

# SUPER ADD ON'S

Fancy going a bit further with your special event? Our array of add-ons allows you to tailor the event to perfection, ensuring your private party is nothing short of spectacular.

Sometimes it's not just about the art and laughs; it's also about the food! We serve up some seriously tasty dishes, all locally sourced and whipped up right here in Sudbury, Suffolk through our collaboration Painters at the Angel.

The menu is packed with delicious options that cater to everyone - vegan, vegetarian, gluten-free, you name it. We want everyone to dig in and enjoy, without worrying about their dietary needs.

And the best part? This shinning experience starts at just £15 per person and they love to get creative with their food for kids!

We don't add anything on to the cost of food, so you get the same excellent value as you would going direct, maybe even a smidge cheaper.

*Nothing brings people together like good food*

# PARTY BAGS

Elevate your party experience with our customisable party bags, the perfect takeaway for any creative celebration! Tailored to capture the imagination and extend the fun beyond the party, each bag can feature a mini art project, craft project, pottery piece, or even an at-home potion-making kit.

These carefully curated party favours are designed not just as mementos but as an invitation for each guest to continue exploring their creativity at home.

Whether it's painting, crafting, moulding or painting pottery, or concocting magical potions, there's something to spark joy and inspiration in every child.

Our party bags are a thoughtful addition to any event, ensuring the adventure doesn't stop when the party ends. Give your guests the gift of continued creativity and watch the memories of your special day live on through their artistic creations.
